Michael Kaiser, Executive Board

Vanessa Sosa, Executive Board

Tonya Stoute, Executive Board

Discussion

Contract update: SEBAC continues to take a position of no negotiations regarding any potential freezes or modifications to contractual raises scheduled for July 1st. The contract research & negotiations committee will continue to look into possible adjustments to the number of steps and corresponding increases for future contracts. Telecommuting during Covid-19 will continue for the foreseeable future.

Tuition reimbursement: Continues to be an issue for members to get timely payments. This is a contract violation and will be treated as such. Problems include delayed payments, not knowing which courses are paid and which are not, and lack of communication overall. AFSA has given a date of 6/3/2020 to get resolution to these problems or a grievance will be filled on behalf of members. Conference reimbursement will be included in the grievance.

Mentoring: Mentoring program for AFSA members was delayed but will go begin in new fiscal year, beginning on or around July 1st.

Website: AFSA 61 Website is launched and will be updated by Nelson Rivera. The website will serve as the main platform to post meeting minutes, documents and forms, as well as contact information.

Meeting adjourned @ 3:00. Next Executive Board meeting scheduled for July 6th @ 2:00 PM.

Respectfully submitted by Nelson Rivera, AFSA 61 Secretary
